21<sup>st</sup> February 2018

**Zoolab Workshop**

Dear Parent/Carer,

Class 3 will be taking part in an exciting workshop delivered by Zoolab, an animal handling and lifelong learning company, on Friday 2<sup>nd</sup> March. The workshop will last 45–60 minutes and the children will learn about and be given the chance to handle 6 or 7 different exotic animals.

Children will be able to go on a journey through the rainforest, with real rainforest animals and a ranger who knows and understands the rainforest inside out. They will learn about plants and get to meet a range of animals from ground-dwelling snails, 'travelling' snakes and canopy-dwelling tree frogs! They will also learn about where the animals live, who and what they eat, how they operate in different light levels, and all about life in the steamy tropics. As well as this they will be educated about rainforest location, rainfall and weather and rainforest destruction. This workshop will look at the following - the tropics • location of the world's rainforest • the forest floor • under storey, canopy and emergent layer • adaptations of rainforest animals • deforestation • biodiversity.

To enable this workshop to go ahead we are asking for a contribution of £4.60 per child. Please complete the slip below and return with your payment in a sealed envelope to the school office. If you are experiencing difficulty with payment please contact the school as soon as possible.

Yours sincerely,

Mrs L. Payne  
Class Teacher
