

Agencies the school is able to access to support pupils

Even though we have a skilled, experienced and dedicated staff, sometimes we need additional advice or support; this might be because we are meeting something for the first time, we have tried our previous interventions and need some new ideas or perhaps we are looking to apply for additional support through the Graduated Pathway. Whatever the reason, here are some of the most common referrals:

1. The Advisory Teaching Service **ATS**
2. Speech and Language Therapy **SLT**
3. Occupational Therapy **OT**
4. Educational Psychology Service **EP**
5. Early Help Hub
6. School nursing Service **SNS**
7. Toucan Play Therapy
8. Tens In Crisis **TiC+**
9. Children and Young Peoples Service **CYPS**

You can access further information on line by Googling and adding **Gloucestershire** to your search.
